**Second Semester M.Sc. Degree Examination, September 2022**

**Psychology**

**PC 221 : ADVANCED PSYCHOLOGICAL PROCESSES**

**(2020 Admission Onwards)**

Time : 3 Hours

Max. Marks : 75

SECTION – A

Answer **any two** of the following. Each question carries **15** marks.

1. Explain and evaluate CHC intelligence theory and theory by Jensen.
2. Compare and contrast classical and operant conditioning.
3. Explain Albert Bandhura's contribution to learning and cognition.
4. Elucidate the Hedonistic and activation theories of motivation.

**(2 × 15 = 30 Marks)**

SECTION – B

Answer **any five** of the following. Each question carries **5** marks.

5. Critically analyze Bruner theory of intelligence.
6. Explain the levels of intellectual disability with its characteristics.
7. Explain concept and components of emotional intelligence.
8. Parieto-frontal integration theory.

P.T.O.

9. Biological influence in learning.
10. Applications of operant conditioning.
11. Neural mechanism of fear and anger.
12. Motivational aspects involved in regulatory Focus theory.

**(5 × 5 = 25 Marks)**

**SECTION – C**

Answer **any ten** of the following. Each question carries **2** marks.

13. Define Flow.
14. Define exploratory behaviour.
15. What is Aversive conditioning?
16. Briefly explain Field theory.
17. Jensen's level I and level II intellectual abilities.
18. Spatial intelligence.
19. GAS explain the concept.
20. Reaction time.
21. Contiguity learning theory.
22. Define sign learning.
23. Briefly explain Regulatory Focus Theory.
24. Define sensory preconditioning.

**(10 × 2 = 20 Marks)**

**PC 223 : COUNSELLING**

**(2020 Admission Onwards)**

Time : 3 Hours

Max. Marks : 75

SECTION – A

Answer any **two** of the following, each question carries **15** marks.

1. Critically analyse the theoretical processes of person centred and behavioural counselling.
2. Explain the process, goals and conditions facilitating counselling.
3. Explore the significance of Exploration stage of counselling.
4. Evaluate the processes and strategies used in solution focused therapy.

**(2 × 15 = 30 Marks)**

SECTION – B

Answer any **five** of the following. Each question carries **5** marks.

5. Explain cognitive counselling.
6. What is crisis intervention?
7. Explain termination skills.

P.T.O.

8. Analyse explain instructional strategies in counselling.
9. Explain trait factor counselling.
10. Examine process model of helping.
11. Describe three stage counselling perspective by Patterson and Welfel.
12. Describe the ethical codes in counselling.

**(5 × 5 = 25 Marks)**

### SECTION – C

Answer any **ten** of the following. Each question carries **2** marks.

13. Transference.
14. Define Empathy.
15. What is Paraphrasing?
16. What is Psychological first aid?
17. Describe Goals of counselling.
18. Explain Geriatric counselling.
19. Differentiate Counselling and psychotherapy.
20. SOLER
21. Briefly explain Humanistic approach.
22. Listening skills.
23. Guidance.
24. Briefly explain Gestalt counselling.

**(10 × 2 = 20 Marks)**

**Psychology**

**PC 222 : PSYCHOPATHOLOGY**

**(2020 Admission Onwards)**

Time : 3 Hours

Max. Marks : 75

SECTION – A

Answer **any two** of the following. Each question carries **15** marks.

1. Explain about different diagnostic classificatory systems used in present era.
2. Summarize the characteristic features of Autism spectrum disorder.
3. Give a detailed explanation about Intellectual disabilities.
4. Evaluate the etiology and Clinical features of Dissociative disorders.

**(2 × 15 = 30 Marks)**

SECTION – B

Answer **any five** of the following. Each question carries **5** marks.

5. Explain the symptoms of Manic episode.
6. List out the clinical features of Generalized anxiety disorder.
7. Differentiate between Histrionic personality disorder and Borderline personality disorder.

P.T.O.

8. What is the effect of marijuana?
9. Explain the diagnostic criteria of obsessive compulsive disorder.
10. Discuss the biological factors of schizhophrenia.
11. What is Alzheimer's disease?
12. What is conversion disorder?

**(5 × 5 = 25 Marks)**

### SECTION – C

Write short note on **any ten** of the following. Each carries **2** Marks.

13. Explain Delusion.
14. Pyromania.
15. Explain the features of Adjustment disorder.
16. What is selective mutism?
17. Explain specific phobia.
18. List out Clinical features of Major depressive disorder.
19. What is Narcissistic personality disorder?
20. Define prevalence.
21. What is differential diagnosis?
22. What is dissociative amnesia?
23. What is Comorbidity?
24. Explain Confabulation.

**(10 × 2 = 20 Marks)**

**Second Semester M.A./M.Sc. Degree Examination, September 2022**

**Psychology**

**PC 223 : RESEARCH METHODOLOGY**

**(2010–2016 Admission)**

Time : 3 Hours

Max. Marks : 75

SECTION – A

Answer **any two** of the following. **Each** question carries **15** marks.

1. What are the assumptions of a parametric test? Briefly describe any three parametric tests.
2. Explain the structure of a research report with a suitable example
3. Describe the major assumptions of experimental design. Explain different types of experimental designs.
4. Compare and contrast quantitative and qualitative research with suitable examples.

**(2 × 15 = 30 Marks)**

SECTION – B

Answer **any five** of the following. **Each** question carries **5** marks.

5. Describe the ethical consideration in research.
6. Explain the concepts of factorial design with an example.

P.T.O.

7. Discuss the importance of review of literature in research.
8. Write a note on levels of measurement.
9. Explain the purpose and principles of experimental research.
10. Briefly explain any three non-parametric tests.
11. Give an account on the methods of correlation.
12. Explain the techniques used for data collection and analysis in qualitative research.

**(5 × 5 = 25 Marks)**

SECTION – C

Write short notes on any **ten** of the following. Each question carries **2** marks.

13. Types of hypotheses
14. Central limit theorem
15. Analysis of covariance
16. Sources of error variance
17. Stratified sampling
18. Between group designs
19. Post hoc tests
20. Ethnography
21. Discourse analysis

22. Differentiate between one-tailed test vs two-tailed test.
23. Forms of factor analysis
24. Continuous variables

**(10 × 2 = 20 Marks)**
